## Video

### [CW without Morse Code](#)

T9 method for continuous wave communication. Easier than learning Morse Code.

[Ham Radio University](#)

### [Paperclip CW paddles](#)

Demonstrating my paddles made from three jumbo paperclips, a block of wood, a 3.5mm stereo patch cable and four screws.

[N1JI](#)

## Hamvention bound

For the first time, I'll be driving up for Hamvention in May. I'm attending as a member of the press and my current thinking is to attempt a number of short-form audio interviews with interesting orgs, Hams, vendors, etc., which will be posted both here in the newsletter and on the [daily site](#). I'm also having stickers made up, so hunt me down if you'd like one. Hope to see you there!
